World Read Aloud Day is February 4th!

Please let your child's teacher know if you are interested in reading aloud to your child's class February 4. It can be virtual or in person! If you don't know what book to read, please ask your child's teacher to recommend or lend you a book. Let's get our children excited about reading with our families!

The book, poem, or excerpt should take no more than
5-10 minutes to read aloud.
